Declaration

I understand that if my monthly Membership Subscription falls into arrears for a period greater than 2 months then my League Registration Card will be recalled by the Senior Management Committee and I will not be able to play until amounts outstanding are settled. I understand that the yearly Membership payment is £240. Payments are divided into 12 monthly instalments and still need paying over the Summer months when the League season has finished. If payments cease early I realise that I will not be eligible to reregister with the Club the following season until outstanding money has been paid.

*I give permission for the taking and publication of photographs of my child for use by the Club on any official literature or media coverage (e.g. Website) *= Delete if consent withheld
